

This document has been posted as a future solicitation and is subject to changes

SECTION 2 - SPECIAL TERMS AND CONDITIONS

2.1 PURPOSE

The purpose of this solicitation is to purchase Hewlett Packard (HP) Storage Array hardware and services. The equipment is required by the Miami-Dade Information Technology Department (ITD) for use at the Regional Data Processing and Communication Center (RDPCC). All purchases made against the resultant contract shall be made through a certified HP partner.

2.2 TERM OF CONTRACT

This contract shall commence upon the date of the purchase order and shall remain in effect until such time as all items purchased in conjunction with this solicitation have been delivered and accepted by the County's authorized representative and upon completion of the expressed and/or implied warranty periods.

2.3 METHOD OF AWARD

Award of this contract will be made to the responsive, responsible Bidder who submits an offer on all items listed in the solicitation and whose offer represents the lowest price when all items are added in the aggregate. If a Bidder fails to submit an offer on all items, its overall offer may be rejected. Bidders will be asked to accept Trade-in equipment and provide a credit for the equipment. The award will be determined by the lowest price minus the trade-in credit. The County will award the total contract to a single vendor.

2.4 PRICES

If the Bidder is awarded a contract under this solicitation, the prices proposed by the Bidder shall remain fixed and firm during the term of the contract.

2.5 CERTIFICATIONS

In order to be considered for award of this solicitation, Bidder(s) must be a certified HP Partner. Bidder(s) are advised that along with their bid submission, an authorization letter from HP must be included confirming the current status of the firm as being a certified HP Partner.

2.6 TRADE-IN EQUIPMENT

As part of this solicitation, the County will be trading in existing HP Storage Array hardware for a credit.

The successful bidder will be notified to retrieve the equipment mentioned above once all new equipment has been installed and deemed fully functional by the County. The equipment will be disassembled by County staff and will be picked up at the loading docks where the existing equipment is located.

After the equipment has been retrieved by the successful bidder and taken off County property, the successful bidder shall forward a letter on company letterhead to the ITD Capital Inventory Administrator listed below:

Tania Gundin
5680 SW 87th Ave.
Miami, FL 33173
305-596-8285
Gundit@miamidade.gov

The letter should indicate that the successful bidder is in possession of the equipment and has taken the equipment to their property. This letter is needed as a record in order to remove the equipment from the County's Capital Inventory records.

2.7 ACCEPTANCE OF PRODUCT BY THE COUNTY

The product(s) to be provided hereunder shall be delivered to the County, and maintained if applicable to the contract, in full compliance with the specifications and requirements set forth in this contract. If a vendor-provided product is determined to not meet the specifications and requirements of this contract, either prior to acceptance or upon initial inspection, the item will be returned, at vendor expense, to the vendor. At the County's own option, the vendor shall either provide a direct replacement for the item, or provide a full credit for the returned item. The vendor shall not assess any additional charge(s) for any conforming action taken by the County under this clause.

2.8 "EQUAL" PRODUCT CANNOT BE CONSIDERED

The specific items listed in Section 3.2, "Equipment/Services to be Provided", are the only products that will be accepted under this solicitation because these items are formally approved/authorized by the Miami-Dade Information Technology Department. "Equal" products shall not be considered.

2.9 PACKING SLIP / DELIVERY TICKET TO ACCOMPANY ITEMS DURING DELIVERY

The successful bidder shall enclose a complete packing slip or delivery ticket with any items to be delivered in conjunction with this bid solicitation. The packing slip shall be attached to the shipping carton(s) which contain the items and shall be made available to the County's authorized representative during delivery. The packing slip or delivery ticket shall include, at a minimum, the following information: purchase order number; date of order; a complete listing of items being delivered; and back-order quantities and estimated delivery of back-orders if applicable.

2.10 EXEMPTION FROM CERTAIN CLAUSES

The following clauses shall not apply:

- Section 1.21 (Insurance Requirements)

SECTION 3 – TECHNICAL SPECIFICATIONS**3.1 SCOPE OF WORK**

The purpose of this solicitation is to purchase Hewlett Packard (HP) Network Attached Storage (NAS) hardware and services. The equipment is required by the Miami-Dade Information Technology Department (ITD) for use at the Regional Data Processing and Communication Center (RDPCC). All purchases made against the resultant contract shall be made through a certified HP partner.

3.2 EQUIPMENT / SERVICES TO BE PROVIDED

The equipment and services to be provided correspond to one (1) individual ITD project. The project and required equipment and services are identified below:

3.2.1 NAS 3 HARDWARE FOR RDPCC (PSR# 201501401807)
